

Sherwat M. Elwan Ibrahim, Ph.D.

Professor of Operations Management,
Heikal Department of Management, Onsi Sawiris School of Business
The American University in Cairo

Office: AUC Avenue, P.O. Box 74, New Cairo 11835

Phone: 20.2.2615.2184

Email: sherwat@aucegypt.edu

EDUCATION

Ph. D. in Technology Management (May 2005).

School of Business, Stevens Institute of Technology- NJ, USA

Dissertation Title: *Technological Clusters and Sources of Knowledge for Innovation*
(Awarded Wesley. J. Howe Award, Best Dissertation, 2005)

Masters of Science (M.Sc.) in Technology Management (May 1997)

Stevens Institute of Technology – NJ, USA

Thesis Title: *Applying TQM Principals to Technology Transfer in Developing Countries*
(4.00 GPA)

Bachelor of Science (B. Sc.) in Accounting (June 1992)

Faculty of Commerce and Business Administration, Helwan University – Cairo, Egypt
(with Honors)

ACADEMIC APPOINTMENTS

July 2026 - Present, Professor of Operations Management, Department of Management,
School of Business, **The American University in Cairo (AUC), Egypt**

July 2016 – June 2026, Associate Professor of Operations Management, Department of
Management, School of Business, **The American University in Cairo (AUC), Egypt**

July 2022 – June 2023, Visiting Associate Professor, School of Public and International
Affairs, **Princeton University, NJ, USA**

April 2013 – June 2016, Associate Professor of Operations and Technology Management, Faculty of Management of Technology, Business Informatics and Operations Management Department, **German University in Cairo (GUC), Egypt**

Feb 2010 – Mar 2013, Assistant Professor of Operations Management, Faculty of Management of Technology, Business Informatics and Operations Management Department, **German University in Cairo (GUC), Egypt**

Sep 2009 – Sept 2018, Adjunct Faculty Member, Web Campus, School of Business, **Stevens Institute of Technology (SIT), New Jersey, USA**

Jan 2007 – Aug 2009, Assistant Professor of Operations Management, School of Business, Operations Management Unit (Head), **The American University in Cairo (AUC), Egypt**

MAJOR ADMINISTRATIVE ASSIGNMENTS

Business School, The American University in Cairo, AUC

July 2018 – July 2022, **Director, MBA and Executive MBA Programs**

Provided strategic direction for the MBA Programs in alignment with the School's mission and values. Working together with key stakeholders to revamp and reinstate both programs respectively. Shaped the vision and mission of the programs internally and externally, and align organizational processes to strategy and mission.

LEADERSHIP AND STRATEGIC ROLES

Business Schools for Climate Leadership Africa – BS4CL, a UN PRME Chapter Africa initiative

November 2022 – Present, **Founder and Lead Coordinator**

As founder and lead coordinator of BS4CL Africa, I'm committed to revolutionizing African business education for climate action. Together with six leading African business schools, we're reshaping curricula, contextualizing research, and fostering stakeholder partnerships. Supported by, BS4CL core team, UNFCCC and PRME, we aim to mobilize pan-African collaboration, empowering future leaders to tackle climate challenges and build a sustainable post-carbon African society.

UN Global Compact - Principles for Responsible Management Education (PRME)

March 2021 – November 2025, **Founding member and Chair PRME Chapter Africa**

Responsible for advancing the mission of UN Global Compact in Africa, and integrating the UN's sustainable development goals into the management education institutional strategies through training, consulting and developing partnerships with the private sector.

Africa Academy of Management, AFAM – Academy of Management (AoM)

January 2023 – Present, **Executive Board Member, Chair of Programs**

Support AFAM's mission in fostering the advancement of knowledge and scholarship in the theory and practice of management among African scholars interested in management and organization issues in Africa, and to perform and support educational activities that contribute to intellectual and operational leadership in the field of management within the African context.

Center for Applied Research and Innovation in Supply Chain–Africa (CARISCA)

Dec 2021 – Present, **Advisory Board Member**

The goal of this board is to advise and support the building of the necessary organizational capacity for world-class supply chain research and academic curricula in higher education institutions (HEIs) throughout Africa and to elevate the continent's academic research capability and publications.

The PRME Impactful Five (i5) project: Learning in Leadership Education

March 2022 – March 2024, **Advisory Board Member**

Established by a generous grant from the LEGO Foundation, the board oversees and provides input on PRME's largest program to date that focuses on the generation of holistic skillset development in business school education. The objective is to help business schools to equip their students with the skills and capabilities needed to lead their future organizations in a way that is consistent with the SDG's and a multi-stakeholder corporate vision.

EDITORIAL ROLES

Cambridge Forum on Corporate Climate Governance – Cambridge University Press (CUP)

January 2025 – Present, **Co-Editor in Chief**

Responsibilities include setting the editorial vision and strategy for the Journal, overseeing the review and publication process, and ensuring the quality, relevance, and academic rigor of all content. Duties involve soliciting contributions from leading scholars and practitioners, coordinating with editorial board members and reviewers, and managing editorial workflows. The Co-Editor-in-Chief works collaboratively to shape the forum's thematic direction, uphold publication standards, and promote engagement with the broader academic, policy, and business communities. Staying informed on developments in corporate climate governance and contributing to the forum's growth and impact are essential aspects of the role.

The Sage Handbook of Business in Society– Sage Publishing

March 2024 – Present, **Co-Editor**

Responsibilities include collaborating with a team to design the structure of the Handbook, overseeing the development of over 35 peer-reviewed chapters, and ensuring the academic quality and coherence of the volume. Tasks involve coordinating the blinded review process for chapters, selecting contributors, and working with Sage Publishing to meet editorial standards and deadlines. The co-editors work together to refine chapter submissions, maintain thematic consistency, and ensure alignment with the overall vision of the handbook. Promoting the handbook within academic and professional communities is also a key responsibility.

Engineering Management Review, EMR – IEEE Xplore

January 2020 – Present, **Department Editor**

Responsibilities include managing submissions within an assigned topic area, selecting appropriate reviewers, and ensuring a fair, timely peer review process. Additional duties involve soliciting high-quality articles, providing editorial feedback to authors, and maintaining the journal's academic standards. Department Editors work closely with the Editor-in-Chief and the editorial team to support the journal's mission and strategic goals.

Journal of Supply Chain Management, JSCM – Wiley Online Library

September 2023 – Present, **Africa Regional Editor**

Responsibilities include advancing empirical high quality research in supply chain management that reflect on Africa issues. In addition to identifying potential authors and encouraging submissions the journal, promoting the journal within the academic community in Africa, and contributing to the development of the journal's editorial policies and processes.

PROFESSIONAL EXPERIENCE

Innovety, LLC - Egypt

July 2010 – Present, **Partner and Senior Consultant**

Consulted on private sector, fintech, SME, governmental, NGO, and public organization accounts, with a focus on supply chain management, digital strategy, innovation, value chain mapping, competitive analysis, and sustainability and climate capacity-building, including facilitating learning programmes on GHG emissions reduction, governance, and SDG-aligned innovation. Some recent projects include:

Lead Facilitator, SPARK Programme – UN Global Compact Middle East Network (Saudi Arabia, Jordan, Lebanon, UAE)

SPARK is a three-month learning journey by the United Nations Global Compact designed to help small and medium-sized businesses and suppliers build practical sustainability capabilities and remain competitive in global value chains. Led three live sessions covering GHG emissions reduction including practical guidance on identifying Scope 1, 2, and 3 emissions, developing a GHG inventory, and setting initial reduction targets, as well as social responsibility for building a people-first business, social protection through occupational health and safety, and governance, including how to improve governance, prevent corruption, and develop a code of conduct.

Lead Facilitator, SDG Innovation Accelerator for Young Professionals – Global Track (Online)

The SDG Innovation Accelerator is a nine-month programme by the United Nations Global Compact that empowers young professionals within participating companies to develop and test innovative, SDG-aligned business solutions through workshops, mentoring, live case studies, and challenge labs. Led the online Global Track, facilitating sessions for 80 participants representing more than 10 countries, guiding

teams through the SDG innovation journey from challenge identification to solutions development and testing.

Enabling Egyptian Exports - Engineering Export Council in Egypt (EEC)

Lead consultant for a project aiming to derive exports to EU through digital transformation strategies and technology-transfer. This includes developing an online repository for EEC and a technology transfer framework that can be scaled to other industries. Industry Value Chain Analysis for the selected products were carried out along with innovation and commercialization roadmaps to potential EU markets.

Building Knowledge and Innovation Centers - United Nations Economic and Social Commission for Western Asia (ESCWA)

Lead consultant for the development of regional Knowledge and Innovation Centers (KICs). Activities include identifying national development focus areas underlying the regions' sustainable development strategy, developing a participatory framework that captures socio-economical needs and challenges per region, running a national workshop with regional development centers to analyze and identify regional technology focus areas and challenges, creating national heat maps for national strategic priorities, and developing institutional governance mechanisms for KICs.

Sustainability antecedents in Textile Industry Sub-suppliers – Ready Made Garment Egyptian Council (RMGEC)

Advised and conducted market research on the antecedents of sustainability management across the multiple tiers of the Textile supply chain with focus on Ready Made Garments supporting industries. Compliance with global buyer sustainability standards is a main competitive advantage for textile exporting firms.

El Sharkeya Papyrus Cluster Supply Chain and Strategy - Social Fund for Development (SFD)

Contributed to developing a marketing strategy to promote papyrus products and increase market demand. The project objective was to find innovative ways to revive this industry with a set of innovative products and marketing tools and strategies

EgyptInnovate: Innovation platform – Technology Innovation and Entrepreneurship Center (TIEC)

Advised on the concept, content strategy, and digital strategy for the establishment of Egypt's first Innovation Platform; an online portal that catalyzes innovators and start-ups to gain knowledge and apply tools, helps them to grow and facilitates the way they can network with other innovators. Program design and content development for business training certificate

- **Delivered numerous training and workshops on** Technology, Innovation and Operations Management to both private and public sectors.
Some examples include:
 - TOTAL – Innovation strategy and partnerships

- GIZ - Capacity development packages for local Authorities in greater Cairo region
- SEED – Operations strategies for Strengthening Entrepreneurship and Enterprise Development
- TIEC - Business Planning & Entrepreneurship Training
- ITIDA - Business Planning & Entrepreneurship Training

Logivators, Egytrans - Egypt

October 2021 - Present, **Consultant and Mentor**

To support Transport & Logistics startups and entrepreneurs on establishing strategic partnerships and online marketplaces, and guide them on topics related to supply chain financing, logistic services, fulfillment, warehousing, freight forwarding, last mile distribution with focus on the role of enabling technologies including IoT, automation, blockchain, digital platforms, and online payment solutions.

Goldman Sachs Women Entrepreneurship and Leadership Program (WEL), 2008 – 2015, Trainer and SME Consultant, Cairo

- Consulted over 70 SMEs in Egypt and the Middle East about their growth plans, marketing strategy, and operational efficiency. The SMEs represented a variety of industries and varied in terms of providing products and services. The consulting began with needs assessments through site visits and identification of market position in the SMEs respective industries. Individual business plans were developed in light of the potential business capabilities of the firms. Gaps were filled by extensive targeted training programs based on the capacities and industries of each of the SMEs.
- Delivered multiple technical sessions in operations and innovation management
- Led the Business Plan development process for more than 300 businesses

Procter and Gamble (P&G) - Egypt

1993-1994, **Senior Cost Analyst**, 6th October City Plant, Giza

- Led and prepared the overall Manufacturing & Operations Firm budget for P&G Egypt (1995)
- Project manager for phasing-out dormant packaging stock
- Benchmarked and analyzed financial and operational performance for Paper products (Egypt vs. Turkey and India)

1992-1993, **Cost Analyst**, Head Office, Cairo, Egypt

- Analyzed cost structures for Ariel and Tide
- Prepared quarterly manufacturing and inventory analysis for Camay and Zest
- Led cost saving projects on Crest

Said, N. H., Fahmy, N., & Hanafy, O. (2019). Occupational Health and Safety Implementation Issues in Egypt/ مشكلات تطبيق الصحة والسلامة المهنية في مصر.

PROFESSIONAL DEVELOPMENT

Business and Society Module

International Management Teachers Academy (IMTA), Bled, Slovenia

June 2018

A one-week workshop on integrating societal and sustainable issues in business education. Activities included curricula development, course design, teaching materials and teaching skills and methods. The program is heavily based on the case method, including teaching with cases, case writing, and performance evaluation and feedback to students.

Case Teaching and Writing Workshop

African Association of Business Schools (AABS), AUC, Egypt

March 2018

A three-day workshop on writing and teach business management cases. Activities included practice case writing, case teaching, case enactment and the related pedagogical skills.

Introducing Sustainability into African Universities and Colleges

Collaborating Centre on Sustainable Consumption and Production (CSCP),

UNEP/Wuppertal Institute, Germany

April 2010

A one-week train-the-trainer workshop on introducing the issues and concepts of sustainable lifestyle and sustainable entrepreneurship into African universities by integrating informal educational activities with formal education.

Executive Development Training

Kellogg School of Management, Northwestern University, IL, USA

July 2009

Two-and-a-half-week train-the-trainer on strategic thinking for middle-management executives with focus on goal setting, effective leadership, change management and the value of networking. Major learnings were on watching the different teaching styles and delivery methods, and interacting directly with the Kellogg faculty and staff.

Executive Education Training

Wharton School of Business, University of Pennsylvania, PA, USA

November 2008

A one-week at Wharton School of Business sampling classes, discussing curriculum, meeting with program directors, and teaming up with faculty on executive and entrepreneurship training. Major learnings were on observing different delivery techniques, discussing content with faculty, and experiencing firsthand the setup for executive education training.
